

## Official Token Information for BscScan Review

### GoTrust WDU (TUR) – BNB Smart Chain

#### Project Identification

Token Name: GoTrust WDU

Symbol: TUR

Standard: BEP-20

Network: BNB Smart Chain

Total Supply: 9,000,000,000,000 TUR (Fixed)

Decimals: 18

Contract Address: 0x03Ad4Efb79B8E8e47b50E48849EaB9dDdB6E5ecA

BscScan: <https://bscscan.com/address/0x03Ad4Efb79B8E8e47b50E48849EaB9dDdB6E5ecA>  
(View Verified Contract)

#### Project Purpose (Clear & Non-Financial)

GoTrust WDU (TUR) is a fixed-supply BEP-20 utility token created for transparency, educational demonstrations, and verifiable on-chain usage.

The project is not an investment product and does not involve fundraising, token sales, price promotion, profit expectations, or financial returns.

#### What This Project Is NOT

No ICO, IEO,IDO, private sale, public sale, or fundraising

No financial product, security, equity, or investment offering  
No minting, burning, transaction taxes, or administrative control  
No DAO, foundation, company, or anonymous team

## Smart Contract Properties

Fully verified and immutable on BscScan  
No mint function  
No burn function  
No blacklist or pause mechanism  
No ownership override  
0% transaction fees

## Project Ownership & Accountability

Founder & Sole Project Owner: toorandokht-afshari  
Professional Profile (LinkedIn): <https://www.linkedin.com/in/toorandokht-afshari-60392639b/>

The founder is publicly identifiable and solely responsible for the smart contract, documentation, website content, and all official project communications. LinkedIn profile reflects direct project involvement for transparency compliance.

## Official Website & Communication

Official Website: <https://www.trustwdu.com>

Official Contact Email: [tru@trustwdu.com](mailto:tru@trustwdu.com)

This domain-based email address is the only official email of the project. All BscScan or blockchain explorer communications are submitted exclusively from this address.

## Official Documentation

Whitepaper (PDF): <https://www.trustwdu.com/whitepaper.pdf>

GitHub Repository: <https://github.com/gotrustwdu/tru>

## Official Social Channels

X (Twitter): <https://x.com/trustwdu>

Telegram: <https://t.me/gotrustwdu>

Medium: <https://medium.com/@gotrustwdu>

Bitcointalk: <https://bitcointalk.org/index.php?topic=5570611>

Instagram: <https://www.instagram.com/got.rustwdu/>

All listed channels are managed directly by the project founder and are used strictly for transparency and educational communication.

## Logo & Branding Clarification

Official project logo:

SVG 32x32 (preferred): <https://www.trustwdu.com/logo.svg>

PNG 64x64 (alternative): <https://www.trustwdu.com/logo-64x64.png>

The logo is original, used consistently across official resources, and does not infringe on any registered brand or third-party trademark.

#### Non-Affiliation & Name Clarification

GoTrust WDU is not affiliated with, endorsed by, or associated with Binance, Trust Wallet, or any other third-party organization.

The term “Trust” refers solely to transparency and verifiable documentation. It does not imply custodial services, fiduciary responsibility, or legal trust status.

#### Final Compliance Statement

This page is provided as a centralized, consistent, and verifiable source of information specifically for blockchain explorers such as BscScan.

All information presented here is accurate, publicly verifiable, and consistent across the official website, whitepaper, social channels, and blockchain records.

#### Additional BscScan Compliance Notes

All links are publicly accessible with no dead/broken links

Founder LinkedIn is updated and confirms project involvement

No impersonation – all social profiles created and managed by founder only

Token name/symbol/logo have no intent of brand infringement

Logo provided in both SVG 32x32 and PNG 64x64 formats as per guidelines

Project is educational/utility only with strong non-financial disclaimers
